PROFESSIONAL PROFILE

Systems Engineering student and Junior Technology Consultant at an AWS Partner, with hands-on experience in full-stack development, cloud solutions, and business process analysis. Holds three AWS certifications: Solutions Architect – Associate, AI Practitioner, and Cloud Practitioner. Skilled at translating business requirements into technical solutions, from analyzing AS-IS/TO-BE workflows and supporting client-facing projects to building web applications with React, TypeScript, Node.js, and AWS services. Trilingual: Spanish (native), English (C1), and French (C1).

PROFESSIONAL EXPERIENCE

Junior Consultant | IANGEL SAS (AWS Partner) Oct 2026 – Present

- Support client-facing technology consulting projects end to end, from requirements gathering and process analysis to solution definition.
- Analyze AS-IS and TO-BE business workflows to identify process gaps, unclear requirements, dependencies, and opportunities for improvement.
- Collaborate with technical and business teams on solution proposals, client presentations, process validation, and implementation planning.

Frontend Developer | WorkCango (Startup) Nov 2025 – Dec 2025

- Built marketplace interfaces with React and Tailwind CSS.
- Developed reusable UI components that kept the frontend consistent and easier to maintain.
- Implemented dynamic filtering and contributed to frontend performance improvements.
- Worked in sprint-based development cycles, collaborating through Git.

Web Developer | TechForge Solutions Nov 2024 – Jul 2025

- Designed and developed the company's responsive website with HTML, CSS, and JavaScript, ensuring a consistent experience on desktop and mobile.
- Built reusable page sections on top of a modular frontend structure.
- Deployed the website to production and handled its ongoing maintenance.

EDUCATION

B.S. in Systems Engineering | Universidad EAN, Bogotá, Colombia 2024 – Expected 2027
