PROFESSIONAL PROFILE

Frontend Developer with a Systems Engineering background and AWS Certified Cloud Practitioner credential. Specialized in building scalable, high-performance web applications using React, Angular and modern JavaScript. Strong in modular architecture, REST API integration, cloud deployment, and performance optimization.

PROFESSIONAL EXPERIENCE

Frontend Developer — WorkCango (Startup)

Nov 2025 – Dec 2025

- Built marketplace interfaces using React and Tailwind CSS.
- Created reusable components to keep the frontend consistent and easier to maintain.
- Implemented dynamic filtering and worked on frontend performance improvements.
- Collaborated through Git and sprint-based development.

Web Developer — TechForge Solutions

Nov 2024 – Jul 2025

- Designed and developed the company's responsive website using HTML, CSS, and JavaScript.
- Created reusable page sections and a modular frontend structure.
- Worked on responsive behavior across desktop and mobile devices.
- Deployed and maintained the website online.
